

DOUBLE-SIDED SLATWALL GONDOLA WITH DRAWER

Instruction Manual

Slatwall Finish
with Silver Inserts

Flexible Merchandising
Shelves, Hooks & Fittings

Centre Bay Gondola
Double-Sided Display with Drawer

Brief Introduction

Double-sided centre bay slatwall gondola designed by Dinya Designs Shopfittings for professional retail merchandising. It features a Matt finish with inserts, offering a clean, durable and flexible display solution for centre aisle placement. Its double-sided design helps maximise store floor space, while the slatwall system supports compatible shelves, hooks and fittings for displaying a wide range of retail products.

Product Appearance

Highlight

Durable retail construction

Flexible merchandising layout

Double-sided centre bay design

Modern and sleek design

Assembly Instructions

PRE-ASSEMBLY INSTRUCTIONS:

To prevent potential injury, component damage, or incorrect installation, it is imperative that you carefully read through the following step-by-step guidelines prior to starting the assembly. Please ensure all listed parts and tools are present before beginning.

TOOLS REQUIRED

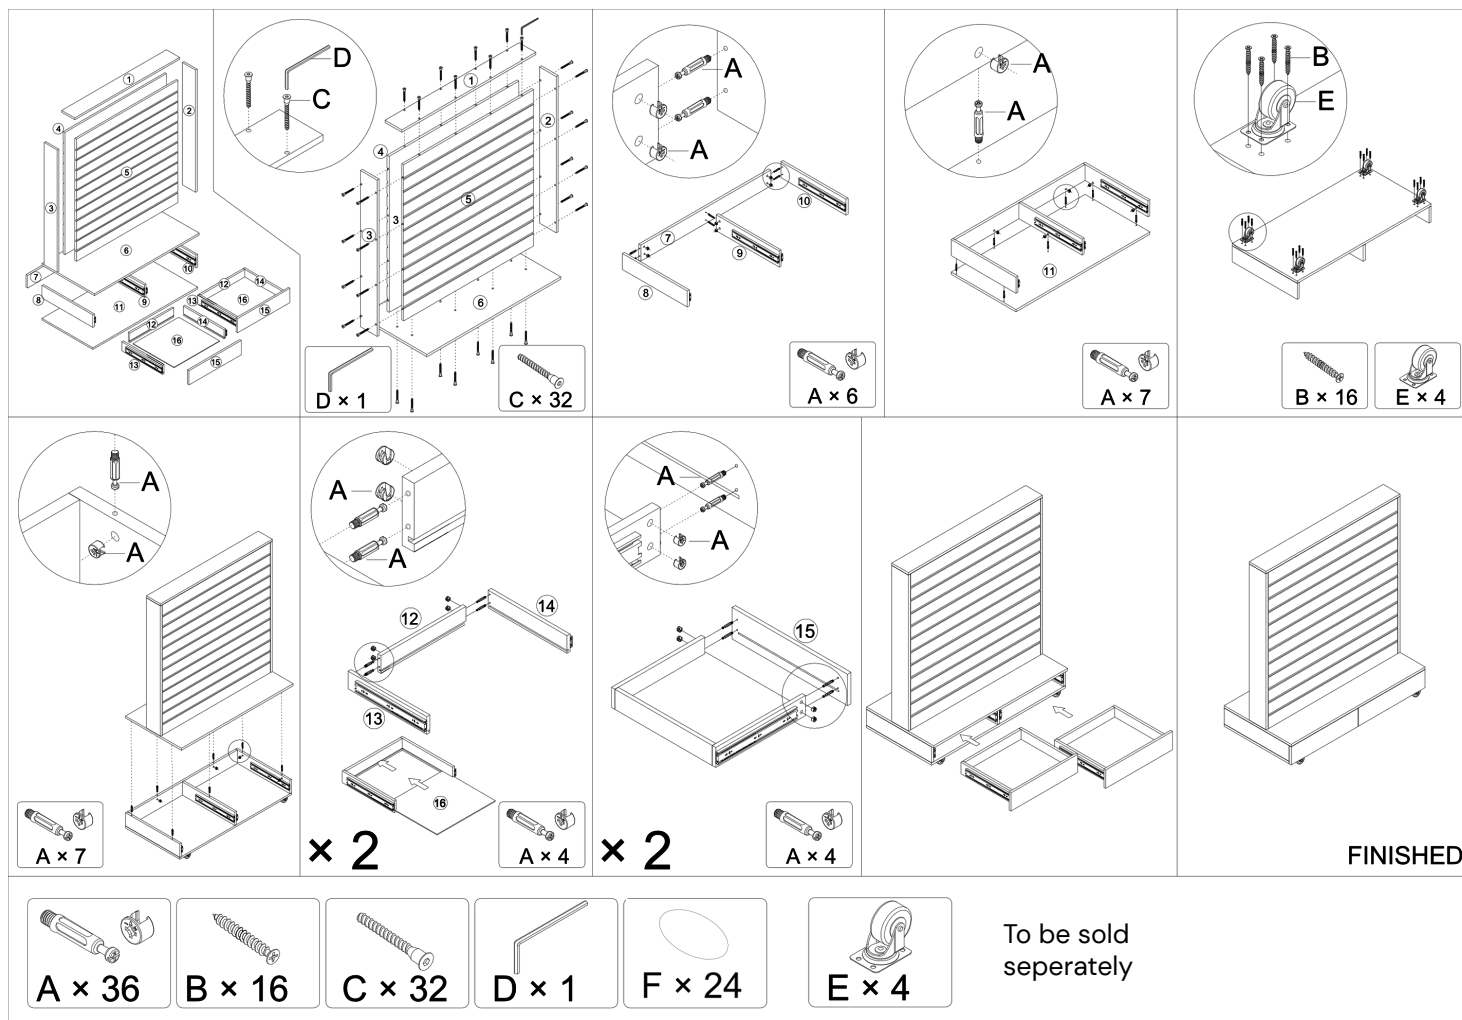

Gradienter

M8 Allen key

14mm Open Spanner

Gondola Assembling Guidelines

- Carefully unpack all panels, base parts, inserts, screws, and fittings from the packaging.
- Check all components against the hardware list before starting assembly.
- Place the bottom base panel on a flat and stable floor surface.
- Attach the side support panels to the base using the supplied screws and fittings.
- Position the main slatwall back panel into the base and align it with the side supports.
- Secure the slatwall panel firmly using the provided screws.
- Install the second slatwall panel on the opposite side to form the double-sided gondola structure.
- Fit the silver slatwall inserts into the panel grooves where required.
- Attach the top cover or finishing strip to lock the panels into position.
- Tighten all screws and fittings evenly. Do not overtighten.
- Install compatible shelves, hooks, or brackets into the slatwall inserts as required.
- Place the gondola in its final retail position and make sure it is level and stable before loading products.
