LETTER	DESCRIPTION
A	FRONT PANEL x 1 pcs
B	SIDE PANELS x 2 pcs
C	BACK PANEL x 1 pcs
D	CASTER WHEELS x 4 pcs
E	BASE PANEL x 1 pcs
F	SCREWS AND NUTS x 8 sets
G	SELF-TAPPING SCREWS x 8 pcs

Gondola Assembling Guidelines

- Read all instructions carefully and make sure the assembly area is clean, flat, and stable. Check the front panel, side panels, back panel, base panel, caster wheels, screws, nuts, and self-tapping screws before starting.
- Place the base panel upside down on a clean working surface.
- Install all four caster wheels securely to the underside of the base panel.
- Position and attach the left and right side panels along the edges of the base panel.
- Fit the back panel between the side panels and align all mounting holes correctly.
- Fold the back panel upward, making sure the back panel lip faces outside.
- Secure the back and side panels using the supplied screws and nuts.
- Position the front panel at the open end of the drawer and align it with the side panels.
- Fold the front panel upward, making sure the front panel lip faces inside.
- Secure the front panel using the supplied M5 screws and nuts, then tighten all fixings evenly.
- Turn the assembled drawer upright and confirm all panels are aligned, secure, and all caster wheels move freely.
